In light of the evolving Coronavirus (COVID-19) outbreak, we would like to update you on the steps that Vogue Development Co (Kent) Ltd are taking.

We continue to closely monitor government advice and are taking action in line with our Business Continuity Plan (BCP), to reduce the risk to our people and clients from COVID-19. The health, safety and well-being of our employees and clients remains paramount.

Our BCP allows us to continue to provide a fully uninterrupted and high quality service to our clients. We have resilient infrastructure and fully tested systems which enables us to adopt smart working practices, with some staff now working from home. Unless government advice changes, we will continue to attend meetings, and meet our contractual obligations in consultation with our clients.

We are continually monitoring and reviewing the escalating situation in line with the latest government guidance and will keep you updated on developments.

Finally, our thoughts go out to those already affected by the outbreak.
